

病院受診をスマートに、 スピーディーに

通院、薬局で便利な機能がこの中に！

The diagram illustrates the features of the 'My Hospital' app, each connected to a central smartphone icon representing the app interface.

- 受診 無料**: Shows the hospital's TOP screen with icons for public and private hospitals, electronic health records, prescription delivery, notices, and utilization reports.
- 処方せん 無料**: Shows a doctor at a desk with a prescription slip, with steps for sending prescriptions: ① Select 'Unsent' prescription data, ② Search and select the pharmacy, ③ Send prescription information. It also notes that the second time is easier.
- カレンダー 無料**: Shows a calendar for May 2020 with dates from 26 to 31.
- Myカルテ**: Shows a green button with a list icon.
- Myおくすり**: Shows a green button with a list icon.
- HOME**: The main app interface with icons for: 受診 (Consultation), 処方箋 (Prescription), 会計 (Billing), カレンダー (Calendar), お知らせ (Notice), Myカルテ, and Myおくすり.
- 会計 (有料機能)**: Shows a woman at a counter with a clock icon, explaining that it reduces waiting time by paying bills through the app. It includes steps for card registration: ① Tap the gear icon and select 'Card Information', ② Enter and save credit card information. A note states that online payment costs 165 yen (tax included) per transaction.
- お知らせ 無料**: Shows a smartphone with a lightning bolt icon, explaining that it receives notifications from the hospital. It says notifications like medical information and settlements arrive here.
- Myおくすり 無料**: Shows a smartphone with a medicine bottle icon, explaining that it manages medications. It notes that scanning QR codes on prescription slips allows tracking of medication data and that it can register over-the-counter drugs.

アプリが変える病院受診！

-My Hospital マイホスピタル

病院に通う方から多く聞かれるのが、
「会計時に待つ時間が長い」、「処方せん薬局でスムーズに薬を受け取りたい」など。
そんな声を受けて、忙しくても避けては通れない病院通いをスムーズに、
快適にしようと開発されたのが「マイホスピタル」です。

*利用できる機能は提携医療機関によって異なります。
